E. L. Kunzman's Personal Page

When I turned this business over to Thos. D. Sherfick two years ago, one page of each issue of the Annual Catalog was reserved for *my own*.

I do not reach you now in a direct way, so I reserve this page to reach you, and assure all my old customers and all the new ones that I will be glad to hear from them at anytime, and to give them advice if I can do so.

I am as intensely interested in the Dahlia as ever, and its development, and am doing what I can, through experiment and origination, to produce "*Ideal Dahlias*," or, in other words, Dahlias which, no matter what the size, shall be free and constant in bloom, hardy in keeping qualities, have good stems and a clean healthy growth.

I hope the time will soon come when there shall be so many *good* Dahlias on the market, that the faulty ones will be dropped entirely.

I will have several exceptional new ones to offer for 1928. Wait and see them.

At present, let me say that there are no better Dahlias on the market today for a private garden or Florists use than the following of my origination.

Halo,

Square Deal,

King of Commerce.

That is the opinion of hundreds of growers all over the country, and you must try them to appreciate their good qualities. See list for description.

Visit my trial grounds any time in blooming period. It will pay you and I'll be pleased to see you.

Good luck to you and yours,

E. L. KUNZMAN, (former owner)

To Our Friends and Customers

YOUR business with us the last year has more than doubled. It is not enough to tell you "We thank You" but we are truly appreciative. How can we repay you for the preference you have given Indiana Dahlia Farms?

The season of 1926 was the worst in regards to weather conditions ever experienced in this section of the country for the storage of bulbs; our customers have shown a friendly willingness to accept the situation and allowed substitutes when their orders called for varieties which failed to winter in fine condition.

Every person who has grown Dahlias fully realizes that tubers they felt sure would germinate have occasionally failed to develop a sprout. To those who have had this experience with any of my bulbs I feel very grateful for the friendly way in which they notified me apparently realizing that such conditions are very liable to occur.

We are digging our tubers at this time and a finer lot could not be had. Our storage facilities are ample as well as ideal. If you will carefully read page 20 of this catalog you will fully understand just what satisfaction must mean to the clients of the Indiana Dahlia Farms.

Yours truly

Thos. D. Sherfick

Instructions and Information

ORDER EARLY. Use the order blank enclosed and fill it out completely. Name second choice where possible, as we may be out of some varieties wanted.

SELECTION OF VARIETIES. If you do not know just what varieties to order and want an especially good selection at a lower price, leave the matter with us and we will treat you right. The chances are that you will receive a selection that will please you better than your own.

SHIPMENT will be made as requested at about the proper time to plant in your locality. Most people plant dahlias too early in season to bring best results.

PACKING will be free on all orders unless otherwise noted and our method will bring them to you in splendid condition. Also, unless noted otherwise, **POSTAGE WILL BE PREPAID.**

DESCRIPTION OF VARIETIES. We do not believe in a lengthy description, therefore we give a short, concise description which will give you a better idea. If a dahlia has a certain outstanding fault, we will mention it.

SUBSTITUTION. Should you wish no substitution, please state so in order blank. Sometimes we are sold out of varieties wanted and, if acceptable, we would substitute a really finer sort, without added cost, rather than disappoint you in your plans.

GUARANTEE. Although we have a system as near perfect as possible, errors will occasionally creep in; but we wish to assure you that any error reported will be satisfactorily adjusted.

REMITTANCE by money order, check or cash in registered letter.

OUR PRICES are as low as can be for good, clean, true-to-name stock, as you will find out by comparison with others. The price of a tuber not always indicates its value. We have varieties at a low price which are more valuable than many high priced sorts. Therefore, where unacquainted, we would advise your leaving selection with us.

WE SAY AGAIN: Fill in the order blank completely, giving name and complete address.

Dahlia Dont's

- DON'T** work the soil until it is dry enough to pulverize.
- DON'T** be afraid to work it deep and fine.
- DON'T** plant before soil is nice and warm.
- DON'T** plant vertical; plant as near horizontal as possible.
- DON'T** water when planting, or later, unless absolutely necessary.
- DON'T** let the soil harden; keep it worked.
- DON'T** let more than one sprout grow.
- DON'T** forget to stake plants before they grow up.
- DON'T** fail to fertilize when buds begin to show.
- DON'T** allow the old bloom to remain on plants.
- DON'T** fail to BOOST the dahlia; and—
- DON'T** buy from anyone just because they are cheap, as you
- DON'T** know what you are getting! Finally—
- DON'T** forget to read everything in this catalog.

Satisfaction

and All That Goes With It.

NOW let's get right down to brass tacks on this question of satisfaction and all that goes with it. Let's see just what all this means to you. In the first place you know when you are satisfied, you know when you get your money's worth, you know a square deal from the other kind. It's all up to you, that's the way we do business and that's why our business is the largest of the kind in the world.

The man who tries to fool folks is the biggest fool of all. We can't make money by disappointing folks who put their faith in us; the more we give for a dollar the more dollars we get. Its mighty good business to give a full dollar's worth for a dollar.

When you are satisfied with INDIANA DAHLIAS I'll be satisfied. If for any reason you are not satisfied, it will cost you only a little ink and a postage stamp to tell me, in a personal note, about it, and it won't cost us as much to make you satisfied as it would to leave you dissatisfied.

INDIANA DAHLIA FARMS

My Guarantee

GLADIOLA

FOR years the Indiana Dahlia Farm has been growing Gladioli for the cut flower trade and now we are offering Bulbs to the grower who wishes to have a very beautiful garden. They are strong bloomers with straight spikes.

The modern gladiolus of the summer garden are the most popular of all flowers. They are invaluable to the landscape gardener for color splashes and for bedding and to the florist and the home decorator they are the most beautiful and lasting of all the garden blooms.

The spikes grow tall and elegant, sturdy and dignified, slender and graceful and the color range is absolutely infinite. There is a single spike for the slender vase, a corsage for the luncheon guest, an adorable basket for the debutante and a glorious bowl full for the dance.

Alice Tiplady. This is considered the very best of the primulinus on account of the large size and delicate color which is a beautiful rich orange saffron.

.15c each; \$1.50 per doz.

America. Conceded to be one of the finest varieties for cutting or bedding; color a beautiful soft flesh pink, orchid-like in its coloring and texture.

.07c each; 75c per doz.; \$5.00 per 100

Anna Eberius. Color dark, velvety purple; throat deeper shade; very large flowers on tall, fine spikes. Greatly in demand. Early ordering advised.

25c each; \$2.50 per doz.

Baron Jos. Hulot. Deep indigo blue with fine hair lines of gold. More nearly purple than any other medium priced variety. Distinct.

.10c each; \$1.00 per doz.

Byron L. Smith. A beautiful orchid-like lavender pink. The blooms are large, wide open and exceptionally well placed. This is the peer of all the lavenders. Much in demand as a cut flower.

.25c each; \$2.50 per doz.

Chicago White. Pure white, lightly marked with lavender; fine for cutting. .07c each; .75c per doz.; \$5.00 per 100.

Crimson Glow. Well named. Rich, glowing crimson with a velvety center. Large flowers; early and vigorous. Popular and justly so.

.20c each; \$2.00 per doz.

Dr. Norton. Color is a delicate cream-pink with primrose center. Edges suffused with La France pink and dainty yellow blotch on the lower petals. A favorite among Gladioli.

.25c each; \$2.50 per doz.

E. J. Shaylor. Tall, strong spike, with large bloom of beautiful deep rose pink. Awarded certificate of merit by Royal Horticultural Society of England. A very fine variety.

.15c each; \$1.50 per doz.

Evelyn Kirtland. A large, wide open flower of rose pink, shading to shell pink in center, with brilliant scarlet blotch on lower petals. Spikes long and graceful. One of the most beautiful pink varieties. .15c each; \$1.50 per doz.

Golden Measure Large blossoms of rich golden yellow with no markings. Slightly ruffled. Strong growth with very large spike of bloom. One of the choicest yellows. .25c each; \$2.50 per doz.

Gretchen Zang. Large blooms of beautiful shade of soft pink blending into scarlet on lower lip. .10c each; \$1.00 per doz.

Halley. Salmon pink, large open flowers. Tall, early bloomer. A very profitable market variety. .10c each; \$1.00 per doz.

Herada. A beautiful, large glistening mauve. The blooms are well placed on good straight spikes. By far the best in this color, and a very fine gladiolus. .10c each; \$1.00 per doz.

Jewell. Light salmon pink with beautiful golden throat. The flowers are large and wide open on slender, graceful stems. Just as pretty as can be. .50c each; \$5.00 per doz.

Le Marechal Foch. One of the best of recent introductions. Pure delicate rosy pink, wide open, broad petaled. Very large lily-like flower. Blooms two weeks earlier than America, and multiplies rapidly. Invaluable to florists. Fine for forcing. .10c each; \$1.00 per doz.

L'Immaculee. A favorite pure white for cutting; splendid spikes and early. .15c each; \$1.50 per doz.; \$10.00 per 100.

Louise. Large, well opened orchid-like flower. The color is an attractive bright blue lavender, with wine-colored blotch in throat. .15c each; \$1.50 per doz.

Lustre. Orange vermilion, suffused crimson; large wide open flowers, many open at a time making the whole a bouquet itself. .35c each; \$3.50 per doz.

Maidens Blush. Exquisite flowers of delicate pink shading lighter in throat. Could not be more daintily colored if painted with a fairy's brush. The spikes are tall and carry their beautiful burdens of blossoms gracefully. Frequently a bulb will present you with several spikes. Very choice florist's flower. 15c each; \$1.50 per doz.

Mary Pickford. An extraordinary flower of delicate creamy white with a throat of softest sulphur yellow. Even the stem and calyx are white. Certainly a little beauty and you'll love her. .25c each; \$2.50 per doz.

Mrs. F. King. Long spike of immense flowers of light scarlet or flame red, shaded salmon. One of the older varieties, but it will be a long time before it is supplanted in popularity by any other red gladiolus. .05c each; .50c per doz.

Mrs. Frank Pendleton, Jr. Tall, majestic spikes of rose pink blossoms bearing a giant blotch of richest, velvety carmine on the lower petals. No finer variety in existence. .10c each; \$1.00 per doz.

Mrs. H. E. Bothin. Flesh pink, tinted salmon; flame scarlet center; heavily ruffled. A mighty pleasing color combination. Flowers are large and correctly spaced on the stem. A beauty. .50c each, \$5.00 per doz.

Odin. Deep salmon pink with intense carmine blotch on lower petals, giving it a very warm color combination; large flowers on strong stem, very early, splendid cutflower. .20c each; \$2.00 per doz.

Orange Glory. Gleaming, intensely ruffled, orange colored blossoms with a lighter throat, rich and striking color. Robust grower. If there ever was a "glad" that reminded you of a big husky piano mover, this is the one. .20c each; \$2.00 per doz.

Panama. Rich rose pink; a favorite wherever high grade varieties are grown. .10c each; \$1.00 per doz.

Prince of Wales. Early flowering; large, delicate apricot pink flowers suffused salmon. .15c each; \$1.50 per doz.; \$10.00 per 100

Purple Glory. Deepest velvety maroon-red with almost black blotches. Words fail to describe its majestic beauty. A perfect giant among gladioli. Must be seen to be appreciated. Recommended. .50c each; \$5.00 per doz.

Rose Ash. One of the most popular flowers in our garden the past season. The color is an exquisite old rose, blended with ashes of roses; one of the loveliest combinations of colors; finely ruffled; tall straight spikes. A really magnetic flower that at once attracts the eye. .25c each; \$2.50 per doz.

1910 Rose. Very large flower of pure rose pink; white central lines on the lower petals. One of the best and most dependable varieties in existence. Its unusually good substance makes it a popular cut flower with the florists. Recommended. .10c each; \$1.00 per doz.

Souvenir. Purest golden yellow of all Gladioli; large, beautifully shaped flowers on tall, slender stem. .25c each; \$2.50 per doz.
